

THE ART OF A CHANCE RIDES CARROUSEL

The Chance Rides assortment of beautifully crafted and hand-painted Bradley & Kaye antique horses, fantasy horses and other wildlife figures ensure that no two carrouseles are exactly alike.

New animals are crafted as needed to keep up with the imaginations of our customers. Molds are created, composite resin is poured and state-of-the-art primers are applied. Artists work with each figure for nearly 100 hours, coaxing it into full, colorful life. A final protective coating is applied, and the result is a one-of-a-kind work of art that will stand the test of time.

Old Traditions  
and New Creations

The Chance Rides workshop and factory is a marvel of craftsmanship. Bradley & Kaye antique horses are painstakingly replicated from castings, then painted by hand, just as they were a century ago.
